CliP-ComE – Climate Protection Competences for European Historic Houses

We are pleased to invite you to a **three-day in-person training for trainers for Cultural Heritage**, organised as part of the **CliP-ComE (Climate Protection Competences in European Historic Houses) project**. This training is designed for owners and managers of historic houses, and other professionals willing to be trainer for topics relevant for the ecosystem Cultural Heritage.

Training Details

Location: IVEM Heritage & Marketing, Nieuwezijds Kolk 28, 1012 PV Amsterdam, The Netherlands

Date: 10-12 June 2025

Cost: Participation is free

Capacity: Limited to max. 16 participants

Certification: ECQA Certificate from The European Heritage Academy

Why Attend?

Led by expert **Gerald Wagenhofer**, this hands-on training will cover:

- How adults learn
- How to develop and run a training course
- How to manage difficult situations in courses and meetings
- Certification to enhance your professional credentials

The full agenda is attached [here](#) for your reference.

How to Register

To secure your place, please send register [here](#) as soon as possible, as spaces are limited.
